FOR TOURISM**

2014.

GASTRO-FORKS

MECHANICAL ENGINEERING SCHOOL OSIJEK

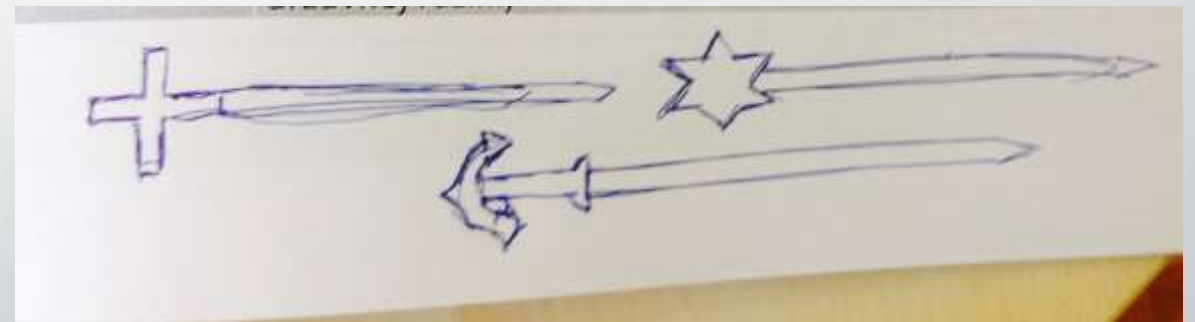

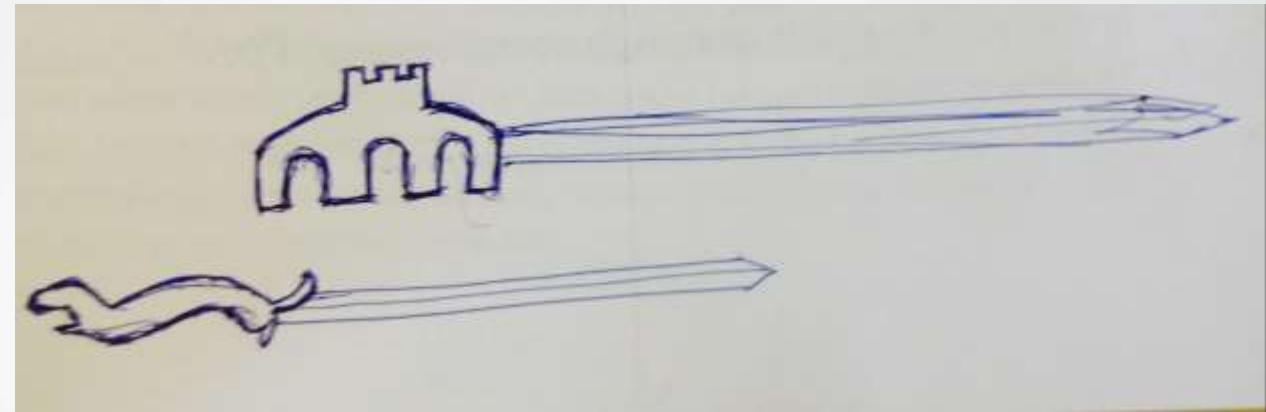

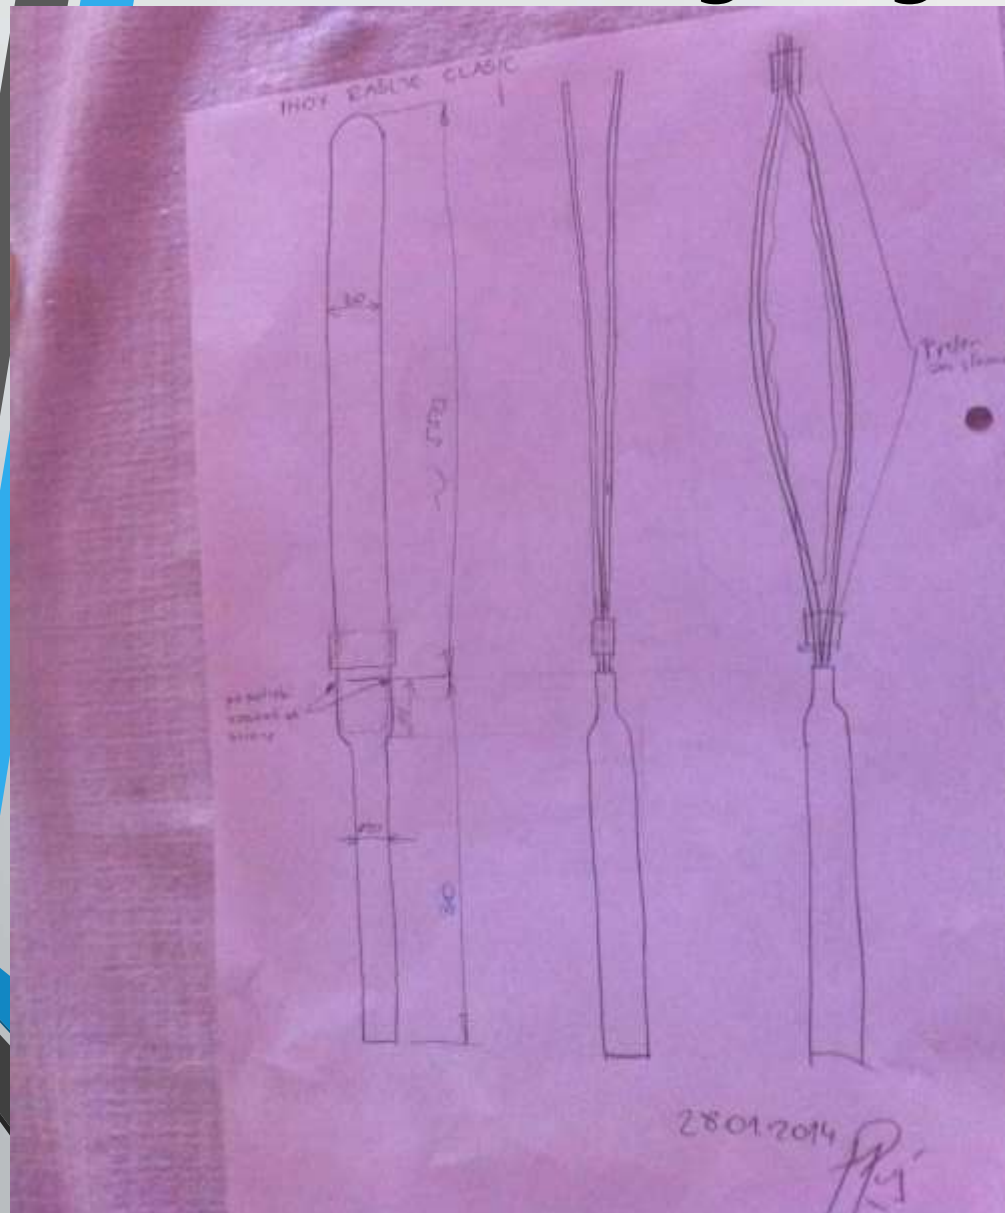

The objectives to be achieved by the implementation of the project

- The implementation of the project increases the Croatian continental cuisine which is one of 10 key tourism products in development strategy until 2020.
- By including non-tourist sector in the development of tourism in continental Croatia increases and encourages innovation and entrepreneurial spirit, and collaborates with other stakeholders in tourism.

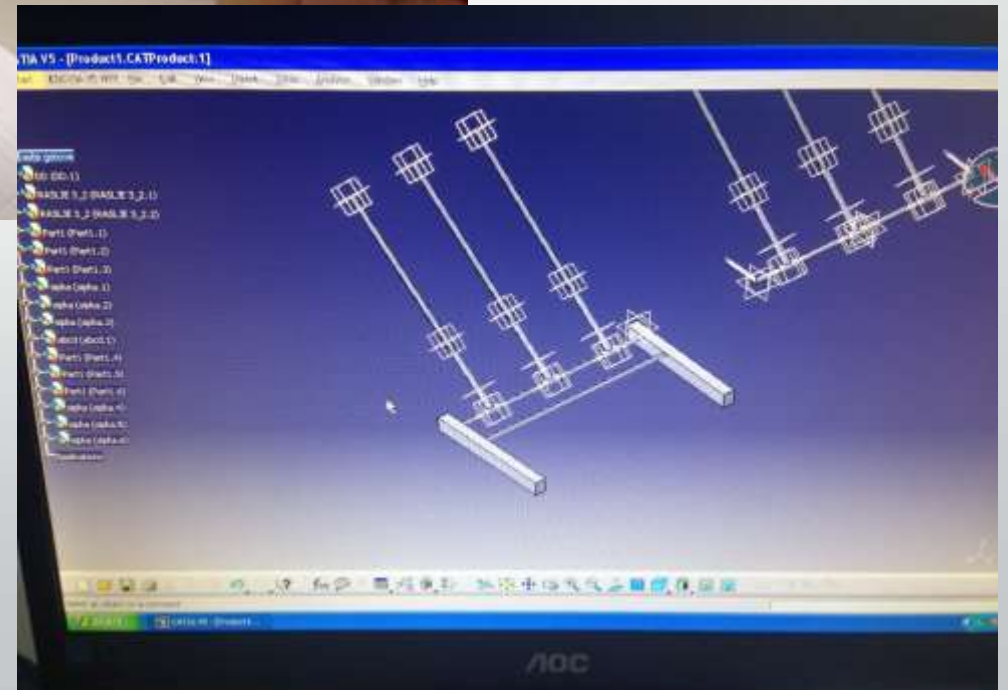

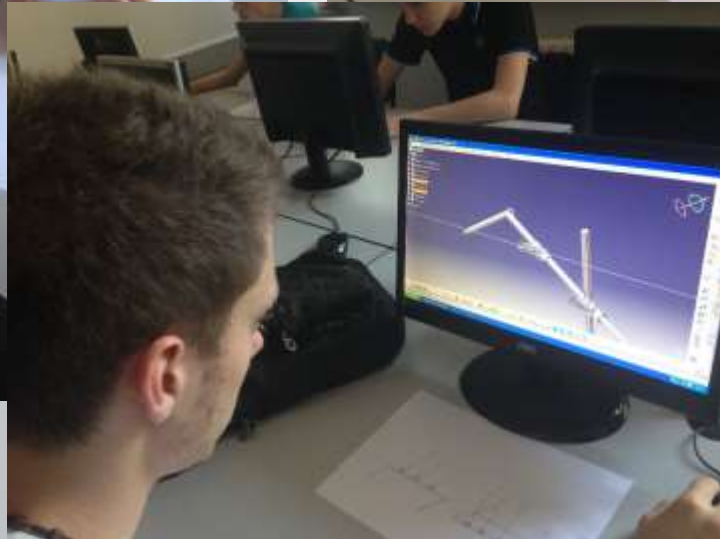

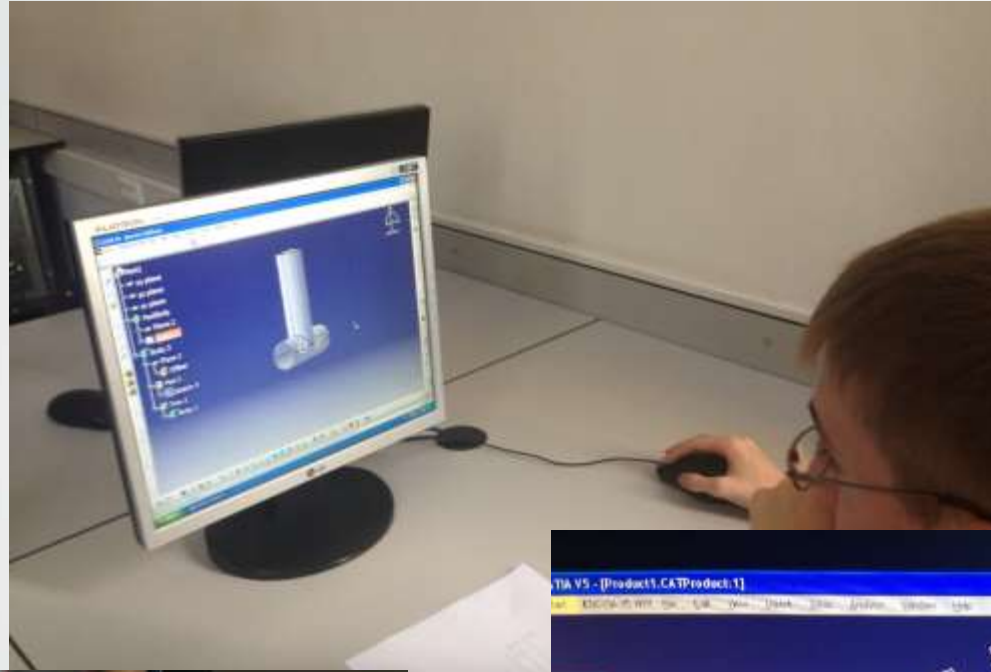

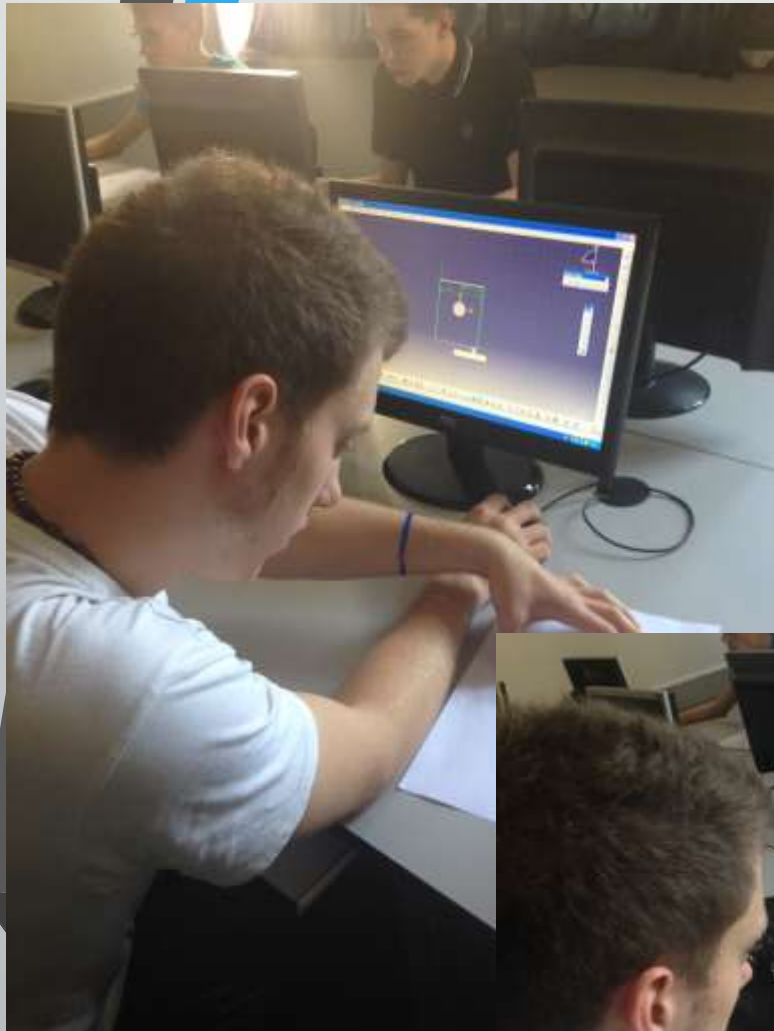

Design stages

- Designing products - fork of stainless steel
- Prototype products
- Testing a prototype GASTRO-forks
- Making a series GASTRO-forks stainless steel
- Presentation of the product

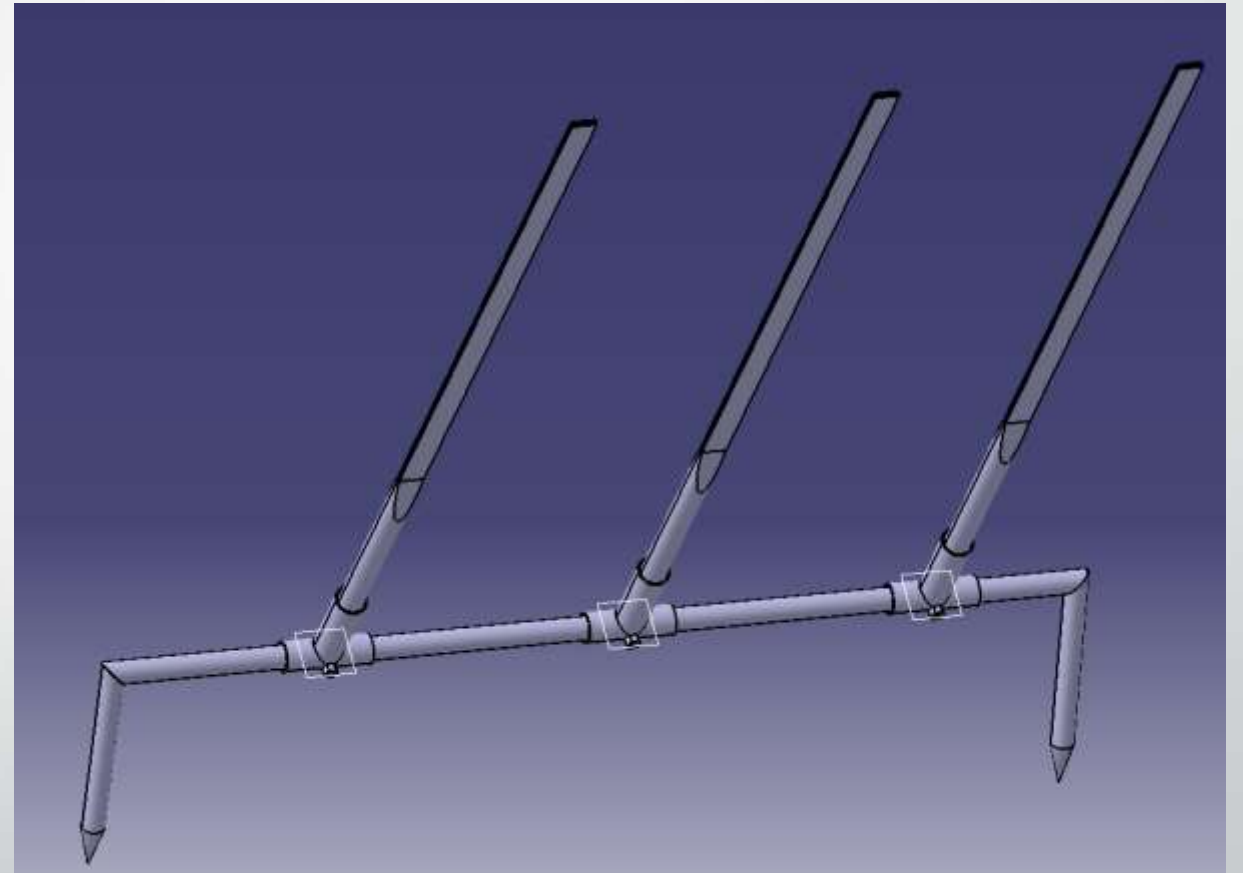

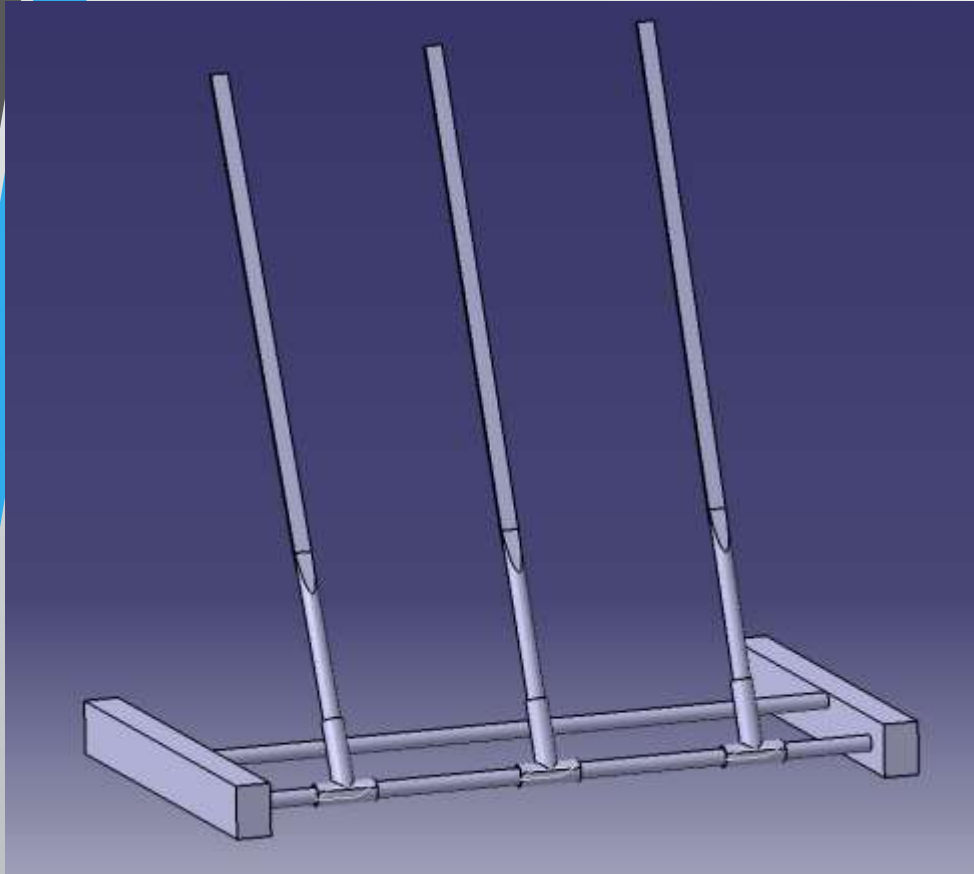

Designing a product-sketch contest

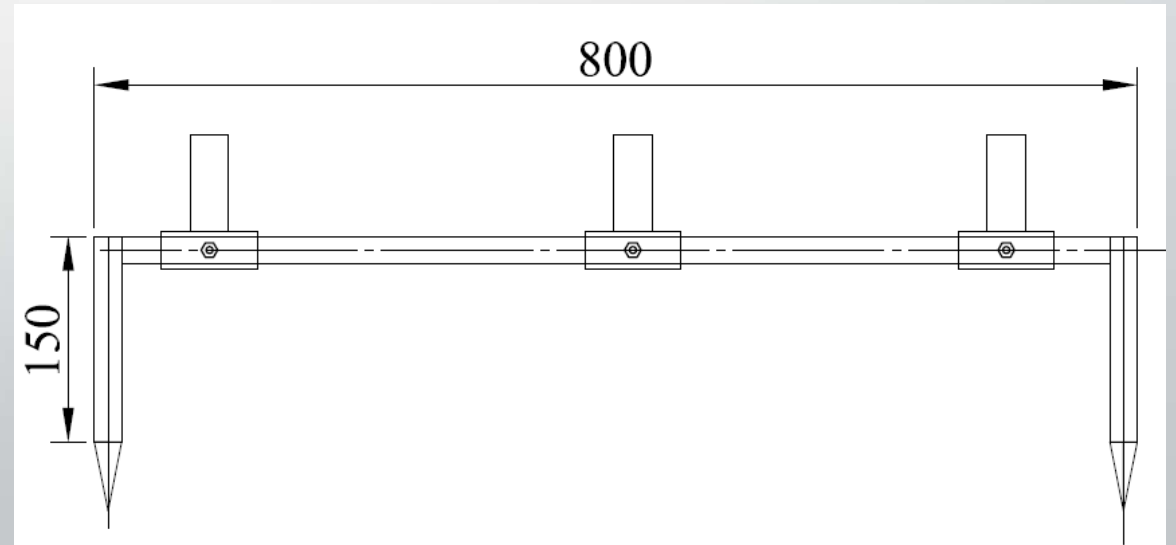

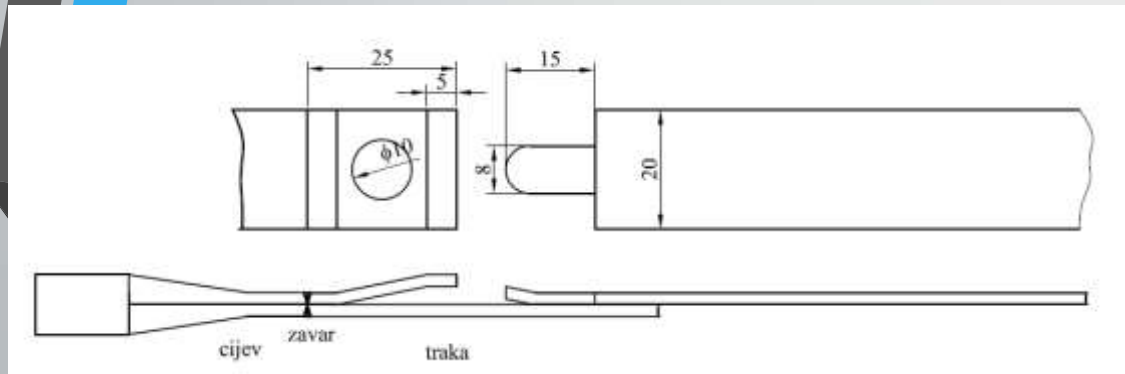

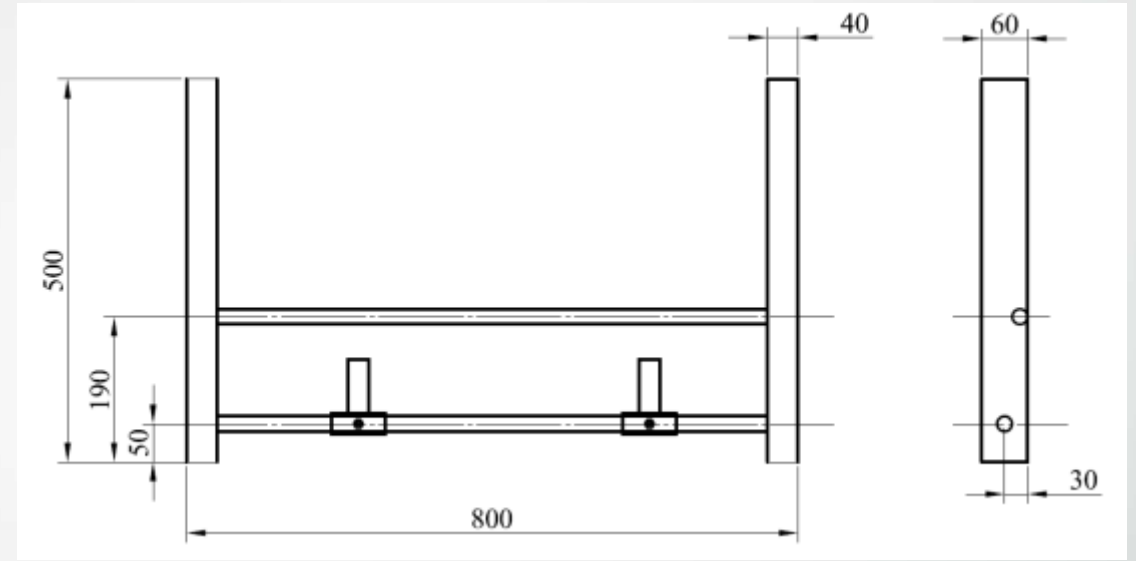

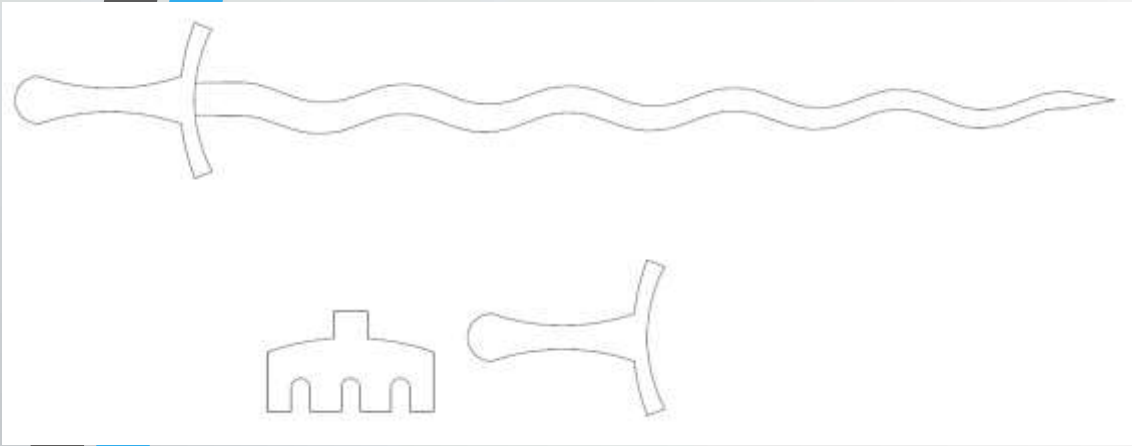

Designing products – CATIA
